

YOUTH ASSEMBLY PARTNER ORGANIZATIONS

TERMS OF REFERENCE 2026

Background

The World Food Forum's (WFF) <u>Youth Assembly</u>, led by the <u>Youth Policy Board</u> (YPB), serves as a year-round open, inclusive and structured platform for young people to cocreate and engage in discussions about various agrifood systems related issues. It brings together young individuals, youth organizations and youth constituencies to discuss specific policy topics within agrifood systems and develop joint recommendations and solutions that can be brought into intergovernmental processes and translated into programmatic actions.

In 2026, the WFF Youth Assembly will host various thematic Youth Assembly sessions and consultations based on 11 themes to address critical challenges and develop youth-led recommendations for agrifood systems transformation:

- Biodiversity
- Bioeconomy
- Climate Change
- · Desertification, land degradation and drought
- Fisheries and Aquaculture
- Forestry
- Livestock
- Nutrition
- Water Management
- Young Women's Empowerment
- Resilience

To ensure the success of these Thematic Youth Assembly sessions and consultations, the WFF Youth Assembly invites applications from youth-led and focused organizations with relevant expertise to serve as co-organizers of sessions and consultations. As part of its effort to institutionalize partnerships within its processes, the WFF Youth Assembly encourages both existing and new partner organizations to apply.

Objective

The objective of this call for applications is to identify and engage global stakeholders and partners with proven expertise in the above-mentioned themes, to co-organize Thematic Youth Assembly sessions and consultations. Selected Partner Organizations will engage in a maximum of two thematic processes and work closely with the WFF Youth Assembly Secretariat and the YPB members to deliver impactful, youth-centric sessions and outcomes that contribute to agrifood systems transformation.

- Nominating speakers and moderators: Identify and provide qualified speakers and moderators to contribute insights and facilitate dialogue in sessions and consultations on the selected theme(s);
- Supporting youth-centric approaches: Ensure that the consultations agenda, discussions and outputs are youth-driven and aligned with the priorities of young people;
- Facilitating social media outreach: Promote the selected Youth Assembly sessions and consultations on official social media platforms to expand audience engagement and visibility; and

This partnership will be for an entire Calendar Year (until December 2026) and at the end of the cycle, the WFF Youth Assembly Secretariat will analyze the partnership based on the contributions of partners and decide on further engagement.

Evaluation criteria and selection process

Eligible organizations will then be reviewed by the YPB, which will assess the shortlisted candidates according to their strategic alignment with the Youth Assembly's objectives.

The selection results will be communicated by February 2026 via e-mail. Shortlisted organizations may be contacted for additional discussions.

Optional engagement

In addition to co-organizing Thematic Youth Assembly sessions and consultations, selected Partner Organizations may also engage with other programmes of the WFF Youth Initiative (Education, Culture, Local Action and Innovation) if they wish to do so. The Youth Assembly Secretariat can facilitate these introductions and ensure clear and coordinated communication channels. Any additional activities or joint initiatives with other WFF Youth Initiative programmes will be collaboratively developed and agreed upon by the partner organization, the Youth Assembly secretariat and the respective programme.
